- **Version Control:** Git/GitHub
- **Developer Tools:** Visual Studio code
- **Design Tools:** Figma

- **Others:** Responsive Web Design, Cross-Browser Compatibility

## PROJECTS

---

- **Expense Tracker App** | HTML, CSS, JavaScript and Firebase

The Expense Tracker App is a user-friendly and efficient financial management tool designed to help users effortlessly track their income and expenses. Built using a combination of CSS, HTML, JavaScript, and Firebase, this app offers a seamless and responsive experience for users keen on managing their finances in a straightforward manner. Users can easily add, edit, and delete their expenses and income entries, with changes reflected in real-time.
